KOSTYA DIACHKOV

Multidisciplinary Designer / Media Artist

I make websites and design user experience to help people, NGO's and brands reach their goals. With more than 7 years of experience in Digital Design.

As a Web designer I worked with startups & non-profit educational, science, cultural organizations, such as St. Petersburg Art Residency, Perm State University, PSU Endowment Fund, Cat shelter «Matroskin». Also I completed a number of commercial projects.

As a media artist, I'm working with neural networks and other audio-visual content creation algorithms (creative coding). My art works were presented in museums, art halls, art clubs & private art galleries in Russia, Austria & Germany.
